

# Our Vision

*From Our Home to Yours*

HeimatSterne - Your leader in high-quality European products.

Our products let you experience the sweetness of sun-kissed Italian tomatoes on stone oven baked pizza, the freshness of Bavarian cherries on original German black forest cakes, and joyful moments with friends while sipping award-winning Frankenberg wine. Beyond these delicacies, our product range extends into organic ice cream, healthy wholegrain breads, innovative pralines, smartly engineered cooler boxes and many more.

Thanks to their regional character rooted in local traditions, the feel, smell and taste of our gourmet products transport you right into their region of origin - our home.
